1. Not having a full-time counselor- Provide 1.0 FTE not .9 for a school of 1000. Currently have a sub. 2. Allocations for 18-19, to conservative; does not meet FTE allocations for dual language program with two target languages. 3 Have not had a Library Tech all year. 3 Not having enough office support to work with middle school tech needs; i.e. no site tech to support with Master Schedule for middle school, I have to do it.

Classroom visits

Five Challenges...

1. Staff Evaluations and Personnel Matters...Solution: VP
2. Student Discipline, Supervision, PBIS...Solution: VP or or Change expectations for who handles discipline and change expectations for counselors who feel they should not be doing these things
3. Test Coordination (SBAC and AP)...Solution: VP or Resource Teacher
4. Bullying & Sexual Harassment Investigations...Solution: VP or Change expectations for who conducts investigations and change expectations for counselors who feel they should not be doing the job of an administrator
5. SPED Issues...Solution: VP and staff my SPED department and adopt a better system for filling mid-year resignations

High number of compliance paperwork and deadlines, lack of time to process information shared at principals institute before we have to share and implement at the site, the high number of meetings required to address special education concerns and lack of support, the lack of training for paraprofessionals, and the decrease in hours for custodian support.

1. Number of IEPs has skyrocketed and is now 24% of student population or 116 total.
2. As of June 11th we have spent over \$30,000 in unplanned expenditures hiring paraeducators to cover needs of students.
3. Discipline is a challenge. We have a homeless level of 31%. What we need a a continuous presence of mental health therapy and community resources.
4. This has been the most difficult year in my career as a principal.

Work load issues have led to health concerns to the point where I've sought counseling from my health care provider. I did not lose VP in 17-18, but concerned about losing for 18-19, job will be impossible to do at this site without a VP and projections of close to 1030 students with the addition of pre-school. This school will have 10 grade levels including, TK and Pre-school.

The bottom line is that was happily already wearing many hats and the elimination of the VP at Longfellow has significantly crippled my instructional leadership capabilities. In addition to the 5 areas above, I have a very involved and vocal parent community whose priorities are safety, construction and traffic. Between all of this, I can barely function on some days. I've delegated as much as I can but when those people are in a classroom during the day, the reality is that the workload falls on me. I'm not really sure who else to delegate this work to...and I need help during the school day. I just can't close my door to the reality of what is occurring on my campus every day. That would lead to another parent complaint.
